Man Killed As Nine Wrecks In Area Reported

Charles Swanson Is Hurt When Hit by Car In Tahoe City

One man was killed and several others injured in nine motor vehicle accidents in this area during the past week, the California Highway Patrol reports.

Steve Rudish, 42, Reno, was fatally injured Saturday morning shortly after midnight when his car and one driven by Ralph M. Arnesen, 50, Oakland, collided headon just west of the Hirschdale bridge, eight miles east of Truckee.

Rudish was thrown from the window of his coupe and his head hit the pavement. He died at a Reno hospital a few hours after the accident. Arnesen and his wife were taken to a Reno hospital by the Truckee ambulance in serious condition.

Patrolman William Gautsche said Arnesen reported the Rudish car was on the wrong side of the pavement.

Tahoe Man Hit

Charles Swanson, 78, a resident of Tahoe City for many years and well known throughout the district, suffered an injured hip Tuesday morning when he was struck by a car driven by Roberta Nercer Rodriques, 23, Castro Valley. He was being treated by Dr. C. B. Pedersen. Mrs. Rodriques was cited for failure to yield right of way and improper backing.

Truck Off Grade

A cargo truck, loaded with paint, driven by Jack King, 30, Portland, got out of control and overturned near the foot of Donner grade Friday morning. King was not injured but the valuable cargo was strewn for hundreds of feet when the racing truck left the curve. King told Patrolman Gautsche he lost his air brakes two miles above where the accident occurred and was unable to stop the vehicle. King said he was traveling from 60 to 70 miles an hour when the truck left the road.

Driver Cited

Caleb E. Shaw, 78, Belmont, was cited for driving without due caution by Patrolman T. F. Sheehan last Thursday after his car was wrecked half way down Donner grade. Mrs. Shaw suffered major injuries and was taken to a Reno hospital by Truckee ambulance.

Cutoff Mishap

Lorraine Olson, 40, Reno, was cited for driving without due caution after her car left the Brockway cutoff near Truckee Sunday evening and overturned. The driver had only minor injuries.

Defective Brakes

Patrloman Roy Stallard cited Miss Harline Blue, 24, San Francisco school teacher, after her car left the road and was wrecked near Cisco. He said defective brakes caused the accident. Miss Blue was not injured.

Women Hurt

Katherine Ledden, 36, and Edith Conrad, 36, both of San Francisco, escaped with minor injuries Saturday when the car driven by the former crashed as it got out of control on Donner grade near the summit. They were treated by Dr. L. D. Nelson.

Lake Mishap

Four were injured when cars driven by Leland Pressler, Oakland, and David Folsom, Gabbs, Nev., collided headon at Carnelian Bay Sunday morning at 2:15. The injured are Pressler, who was cited for driving too fast and being on the wrong side of the road; Oliver DeLazier and Otis DeLazier, both of Gabbs, and Richard Cornwell, Oakland. None of the injuries was serious.

Rear End Crash

At 2:30 yesterday afternoon a car driven by David Zimmerman, Durham, Kansas, ran into the rear of one operated by Walter Heimers, Berkeley, near Soda Springs, injuring Elsie Zimmerman and her daughter, Morena, who were treated by Dr. Nelson.

Houses Near School Are Staying There

The five houses near the Truckee elementary school will not be moved this year but are being repaired to provide quarters for teachers employed in the local schools, E. V. O'Rourke, district school superintendent, said.

One of the houses will be occupied by the family of Arthur Eve, elementary school principal, and one of the others will be rented jointly by Miss Elizabeth Nayor, Miss Irene Oatjen and Miss Virginia Angelo.

The district plans to move the houses next year to a location near the new high school plant.

Officer Claims Thief Left Him On River Bank

Captain Charles Tibbs, 40, Herlong army officer, was under treatment in a Reno hospital this week, the victim of severe sunburn resulting from an unusual experience.

According to the story Tibbs told local state highway patrolmen, he had spent Saturday evening gambling in a Reno establishment and had returned to his car with a considerable sum of cash. As he started to enter his car, he was suddenly attacked and remembered nothing further until 4 o'clock Sunday afternoon when he came to on the bank of the Truckee River near the midway bridge on the Truckee-Tahoe City road.

He told the officers his car had been stolen and his money and other belongings were gone, even his trouser belt.

He had evidently been rolled down the embankment and his abdomen and legs were exposed to the hot sun where clothing was disarranged and his eyelids were blistered. The patrolmen took him to the Nevada State line and he was transferred to a state police car and taken to the hospital. He said he would sign a warrant for the arrest of his unknown assailants.

Hope Dims For State Aid Here For Check Dam

Presidents of Local Clubs Are Discouraged By Officials' Stand

Officials of the state fish and game division have little encouragement for check dams on the Truckee River.

L. B. Young, president of the Flycasting Club, who visited the club this week, said he had been in contact with state officials and was advised of two important facts. First, that there is no $400,000 available for such work, and secondly that there is currently no plan to build check dams on the river.

The Truckee Outdoor Sportsmen are working with State Senator Harold Johnson of Roseville and other state officials in an effort to secure a portion of a fund allocated to the State Fish and Wildlife Conservation Board for check dam construction.

Young said his club was supporting the plan and would lend all possible assistance but said his information was not encouraging.

The club here was advised that of a $9,000,000 initial appropriation to the conservation board, a balance of $400,000 was still available for worthy causes and on that basis Johnson said he urged the board to make a survey of the local area early in September to determine whether work can be done here.

In the meantime, Johnny Ciardella, president of the local club, has received a letter from state officials indicating there is no need for immediate improvements in the Truckee district.

Sun Beams

by Walter M. Barrett

With incorporation for Truckee apparently an uncertain problem, another idea, similar in nature, less complicated and perhaps more workable and less costly, has been advanced by opponents to a steady increase in taxation and a top-heavy form of local government. The idea is simple in theory. It involves consolidation of various local boards under one board of five members, with the Truckee Public Utility District maintaining its already sufficient powers and administrative setup and acting as the hub for the new setup. The plan would eliminate nearly a dozen present boardmen, most of whom will probably welcome the opportunity to correct the present method of operation. Under the proposal each of the five members elected would have a definite responsibility—one to head the sanitary committee, one would be in charge of electrical operations, another would be held responsible for the water system and still another could act as fire commissioner, etc. This unit, meeting on a regular fixed date, would have its collective finger on the affairs of the community and residents would not be at a loss when they wished to learn something of the various functions of local government. The schools and hospital would naturally continue to operate as currently, but three or four other boards, some active and others less active, would be brought under a single head with collective authority to put this community on a businesslike and more economical basis. At least the plan is worthy of consideration.

Man Held for Car Theft As Story Fails to Jell

Claude Taylor, 23, Oakland used car saleman, is held in the Truckee jail on suspicion of car theft after a story of kidnapping at the point of a gun and flight over Highway 40.

Taylor first told Deputy Sheriff Otis Hardt and Constable N. F. Dolley that he was kidnapped by three hitchhikers who later stole the car he was driving. His story failed to impress the officers and after questioning, they said, he admitted the story was a hoax to cover up the fact he had taken a car from the lot where he worked. The car, he told officers, is hidden near the highway 50 miles west of here.

Tangles With Ski Tow, Is Painfully Injured

Walter K. Jansen, district governor of Rotary International and Lincoln grain merchant, was severely injured Monday at Soda Springs. Jansen, principal owner of the Soda Springs ski lift, was struck by a moving chair on the lift. He fell some 18 feet from the lift's landing.

He was in the area to attend the annual Reno Rotary Club barbecue Monday.

The total exceeded the June count of 35,613 cars by more than 11,000 and Yermo in southern California, with 52,769, was the only one of the state's 18 border stations which topped Truckee as a point of entry.

Blaze Destroys Ski Lodge With Timber Acreage

Fire starting from a yet undetermined cause Monday evening wiped out Sudski Lodge on Donner Summit and swept over seven acres of timber and brush before being controlled by the combined crews from the forest service and Southern Pacific.

The lodge, operated by the Sacramento Utility District employees, was new and was located in the Summit Tract of the Forest Service. Nearby and saved through the efforts of the fire fighters are the former McClelland Air Base lodge, the Oakland Ski Club's quarters, the St. Clair Lodge and the Sitzmark Lodge of the Marysville Ski Club.

Two explosions, believed to be gas drums igniting, during the height of the fire added to the trouble.

The Truckee suppression crew under the direction of Jack Shindler responded to the call and the Big Bend district ranger, Max Williamson, directed the fighting.

The site is located a mile and a quarter southeast of Norden.

SANITARY BOARD TO GET RID OF GARBAGE DETAIL

The Truckee Sanitary Board is again attempting to get out of the garbage collection business.

This time bids are being received by the board of directors from prospective collectors who may wish to take over the project as a business enterprise. These bids must be submitted before 3 p.m. on September 14, when they will be publicly opened and declared.

All proposals must be accompanied by a certified check in the amount of $500 or by a bond in the same amount. In case of the successful bidder, this bond will be forfeited in event the bidder does not, within five days after being notified that he has been awarded the job, enter into a contract with the district.

Bids are for duties defined in Ordinance No. 5 of the district which sets forth rates, service and other details.

John Hartwick Hurt In Tahoe City Rodeo

John Hartwick, son of Mr. and Mrs. John Hartwick of Truckee, suffered a broken left leg during the Tahoe City rodeo last Sunday when he was thrown from a horse and the animal stepped on him. Following first aid by Dr. C. B. Pedersen, the youth was brought to Truckee and later to a Reno hospital, where Dr. L. D. Nelson operated.

A purse of over $200 was taken up at the rodeo to assist in paying for medical treatment.

Mr. and Mrs. Reg Smart observed their wedding anniversary on Thursday, August 17.

Population Here Shows Increase In Census Count

Off-Season Nose Count Boosts Truckee Tally From 696 to 1024

Truckee's official population, taken from a count made in April when the population here is at its lowest ebb for the year, is 1024.

This is according to preliminary figures furnished to Congressman Clair Engle by Roy V. Peel, director of the bureau of census. The final figure will be included in the bureau's official publications for the first time.

The 1024 represents a considerable increase over the 696 established by the count in 1940, and Truckee is one of the few towns throughout this district to show such a marked gain. This was accomplished through the efforts of Congressman Engle, Census Supervisor Harold Berliner and Crew Chief Charles Bannon, cooperating with the Truckee Chamber of Commerce, in having the Gateway Park and Meadow Park residential area included in the 1950 count.

The project represented no small effort by Engle, who was confronted with a problem of having maps changed and districts rearranged in order to include the residential areas mentioned in the count. The matter at first was believed impossible but, through a continuous personal contact, Engle finally managed the requested changes.

Since the count was made early in the spring and before the summer residents arrived, the figure is still unflattering and the actual count during the summer months will exceed the 1024 by at least 200 or 300, it is believed.

Mrs. Mayer told the officers the man entered the lobby and asked the prices of rooms. ANCIENT AUTOS HERE SATURDAY

Making their first trip through the high Sierra, over 50 horseless carriages will pass through Truckee for the first time in history Saturday afternoon, August 26, at 2:45 o'clock on their way back to Reno in the final stage of the Lake Tahoe Tour of the Horseless Carriage Club of Nevada. William Harrah, Reno business man, who sponsored the Reno Caravan of ancient cars last year, is sponsoring the Tahoe Tour.

Automobiles now extinct on American highways will be seen when the caravan passes through Truckee. All of the old gas buggies are owned by members of the Nevada association and California clubs. All are in perfect condition, with engines well preserved and tuned for the trip. Such old timers as the EMF, Regal Underslung, Herreshoff, Reo, Winton, Stearns, Mercer and many other models are to be seen in the caravan, plus early makes of modern cars still in production, including Cadillacs, Fords, Oldsmobiles, Packards and Buicks.

Headquarters for the tour is Harrah's Club in Reno, where the old gas buggies will be parked on display before and after the junket. Two parades through down town Reno will highlight the event, with the first at 10 o'clock Friday morning before the procession leaves for Carson City, and the torchlight parade Saturday night when the cars return from Truckee.

The route to be followed is Reno to Carson City, then up Clear Creek grade to the south end of the lake. After visiting several resorts, the caravan will spend the night at the north end of the lake. From there the old jalopies will chug around and down to Squaw Valley. The tour is expected to come through Truckee after leaving Donner Lake at approximately 2:30 p.m. Saturday.

A highlight of the tour is the appearance of the Fire House Five Plus Two, a Dixieland jazz combination of radio and record fame. The unit, which has appeared on the Bing Crosby show, will ride the 1917 fire truck recently purchased by Harrah as an addition to his large collection of old motorized vehicles.

Violators

For every 243 hunting and fishing license buyers, one violator is arrested and pays an fine averaging $42.

SWANEE'S TAHOE LETTER

Tahoe City, August 21, 1950

Dear Tahoeites——

A steady stream of cars from all corners of the nation has been pouring into our vacationland all week. My job in the Chamber of Commerce booth is giving me a real insight into the public which visits our area. A large number this year are returning from trips east and they stand in our small doorway and rave in four-bit syllables at our clear blue water in the lake, the clear green water in the river and then start on the trees and sky and a dozen other eye-catchers. It's an easy task for me to stand by and agree modestly, for that's just the way I feel about it too. Hope next year we don't run out of those beautiful Tahoe-Sierra Association free maps so early. They are the finest and most effective means of advertising our fair section that has yet come to my attention. The demand this year far surpassed the supply.

Ran into Mrs. Bob Hamlin of Lake Forest and Fresno with her son, now 21 months old, and her mother-in-law. They are up visiting at the family home. Bob is still teaching 6th grade in the Fresno Grammar School.

This week I learn that Mike Korich, my neighbor on Grove Street, has received notice to report for examinations by August 28 at Treasure Island. Mike was a cook for several years in the last war with the Navy and no doubt his valuable services will be much in demand. If he is "called", not only will his wife and two children miss him, but baseball circles of the Truckee-Tahoe region will undoubtedly find him hard to replace.

Al Fanger of Tahoma has been in touch for several weeks with the Mare Island Naval Hospital which is keeping in close contact with him from now on. Al has 10 years of civil service to his credit and through World War II worked in that capacity near Vallejo. He is an expert at maintaining the delicate instruments used by the hospital, such as electrical devices for testing the brain, etc. Al has requested permission to finish the summer at the lake, as his mother, Mrs. Emily Fanger, now 73, is unable to take care of the lodge and cabins without his help. He has had three calls already and is hoping that by keeping in close touch with the hospital in case of emergency he may be able to complete season. If he is called it will be under civil service, not the regular Navy.

Had a laugh tonight when I called up Norman Dewhurst, whom I was told had been called and was already on his way to the bay area for examinations. Dewy answered the phone and said it was news to him. He did his stint in the Navy during the last war but assures me that Uncle has not yet honored him with the well-known "greetings". So that rumor is squelched.

Talked to Maizie Carnell and she tells me the famil corresponds regularly with Donnie Prusso. Donnie changed his allegiance from the Marine Corps to the Air Force. Now he is stuck out in a little Texas town with "youngsters" between 16 and 20 and he feels like an old man— at the ripe old age of 24. He indicates he is trying to get back into the Marines but doesn't think he's going to have much luck. Will publish his address when I get it from Maizie and maybe some of his old friends in this area will drop him a few lines to cheer him.

Noted improvements are in the offing at the Tahoe City telephone office so called Max Porter for the low down. He tells me that the newly leveled and smoothed ground just south of the office will soon house two 24x36 quonset huts which will be the telephone company's new service center and garage. The buildings and equipment will represent an expenditure of around $9,000. The new plant will be

WOMEN'S CONFAB HELD LAST WEEK AT TAHOE RESORT

TAHOE CITY— Mrs. Amer C. Stolp, Tri-County auditor from Durham, Calif., was the principal speaker at the Tri-County Federated Women's Club conference attended by 50 women Thursday, August 17, in the lobby of Homewood Resort.

She urged her listeners "to grasp opportunties, lend sincere cooperation, open their minds to new ideas, hopes and plans, to offer the world the best that is within themselves, to clear the path to new ideas of others, to return to the old time neighborly friendliness." Following her vibrant talk, she played and sang five folk songs. These were a lullaby from Italy; Little Boy Blue, which she heard sung in Germany; two from Kentucky, The Lazy Man and The Rich Old Woman; Young Roger the Miller, a product of South Carolina and Georgia, and The Deaf Woman, an American favorite.

The morning session was presided over by Mrs. Delbert Niegel of Cool, Tri-County president. Visitors were welcomed to Tahoe by Mrs. Everett O'Rourke, president of the Women's Club of Tahoe. The regular business session was concluded at noon before luncheon.

A fashion show staged by the Dixon Dress Shop at Homewood was the highlight of the noon hour. Models were Miss Audrey Heaton, Mrs. James Joubert, Mrs. Rosalie Pearson, Mrs. June Gowing, Mrs. Dorothy O'Rourke and Mrs. Dick Boyce.

During the afternoon session, the group unanimously endorsed Mrs. Stolp as a candidate for president of the state federation for 1951. Mrs. Gretchen Milham of Placerville extended the federation members' appreciation for the enjoyable day to the Women's Club of Tahoe and to C. Don Huff, owner of Homewood Resort, for his kindness in loaning his resort for the conference.

The closing prayer was offered by Mrs. Leslie Nielson of Placerville, Tri-County publicity chairman.

Lake Forest Vacation—

Vacationing at Lake Forest are Mr. and Mrs. Allen E. Pelton Jr. and sons Allen III and George Andrew of Oakland and San Leandro; Dr. and Mrs. Richard De Gloria and children Mary Lee, Richard Jr. and Steven, all of San Leandro.

Clear Lake is the largest body of water lying wholly within California.

GIANT MACKINAW IS TAKEN FROM TAHOE AREA LAKE

Records went by the boards on August 16 when Hoot Newman and Tom Wilcox of Reno landed a 20 pounds 6 ounces mackinaw trout in Steney Ridge Lake. The giant fish, which measurede 37½ inches in length and 21½ inches in girth, far surpasses any other known to have been taken in that part of the country.

Newman and Wilcox hooked the critter at 1 p.m. nad landed him at 1:40 p.m. He was taken with a casting rod, from the shore, on a flat fish.

Stoney Ridge Lake is above Meeks Bay, Lake Tahoe. The size of the catch was surprising, since trout taken from larger lakes, such as Tahoe, run far above the size of those taken from the smaller lakes on the average. The average mackinaw taken from Lake Tahoe, which abounds with them, weighs around eight or ten pounds.

New Home—

Miss Ida Pomin of Tahoe City will be ready to move into her new home on Grove Street before snow flies. Norman Mayfield, local contractor, is erecting the attractive three room dwelling next to his own home.

Boat Damaged—

Harry Pomin of San Francisco had his 26-foot Richardson cruiser partially wrecked on August 14 when the craft fell off his trailer near Robber's Roost on the Truckee-Tahoe highway. No one was hurt and the boat can be repaired.

BANK of AMERICA Life-Insured SAVINGS ACCOUNT

Follow this plan and get *free* life insurance to protect your savings goal...no medical examination!

Read these questions and answers— Then start your account NOW!

How does a Bank of America Life-Insured Savings Account work? The plan provides *double protection*...you have not only a savings account in the safest of all places, the bank...but when you open your account you designate a beneficiary—wife, husband, child or anyone else—and, so long as you continue to make your payments on time, you have the extra security of life insurance protection. Set your savings goal—$100, $250, $500, $750, $1000. Save toward your goal over a period of 50 months. The amounts are shown in the chart. You'll find a plan that fits your purse.

MONTHLY PAYMENT	SAVINGS GOAL
$ 2	$ 100
5	250
10	500
15	750
20	1000

How much life insurance protection is provided? The amount of life insurance protection you have at all times your account is in good standing is the difference between your accumulated monthly payments and the savings goal you have set.

What happens if you die? Your designated surviving beneficiary receives the *full amount* of your savings goal.

What happens if you cannot complete the 50 payments? If for any reason you cannot complete the payments, the amount you have paid in, plus accrued interest but *less a nominal amount for the cost of the life insurance,* is immediately available to you.

How and when are payments made? Payments may be made in person or by mail on or before the 5th, 15th, or 25th of each month.

What happens if payments are not made on time? Your insurance protection continues for 30 days.

Who pays the insurance premium? Bank of America pays the entire cost of insurance protection, *if you complete your account.*

What interest does your account earn? Regular Bank of America savings interest.

How much does the insurance cost? If you complete your account, it costs you nothing. In case of death, it costs you nothing. If you do *not* complete your account, you pay only the cost of the insurance up to the time you allow your insurance to lapse. Insurance cost is ½ of 1% per annum on the average balance of the unpaid portion of your savings goal.

Can funds be withdrawn before reaching the savings goal? Yes. Purchaser may withdraw all or any part of the account at any time. Naturally, such action cancels the insurance protection, and its cost is charged to the account.

Who can start a Life-Insured Savings Account? Any man, woman or child in good health under the age of 46 years. *{Except children under three months of age who cannot be insured.}*

Can husband and wife each have a Life-Insured Savings Account? Yes. *Every* qualified member of the family can and *should* have an account.

How do you open a Life-Insured Savings Account? In person, or complete the application below and mail it with your first payment to any branch of Bank of America.

used for completing orders for the company's complaint department and will include a larger office in the rear of one of the buildings. It is hoped the buildings will be ready for occupancy within the next six weeks.

A former resident of Tahoe, Anita Willis Wiggins, daughter of Mr. and Mrs. K. Willis, was a visitor at the lake recently from University of California at Berkeley. She has been a registered nurse for some years and now is specializing in public health. Nita attended local schools and her parents are well known by older residents of this area, where her father was highway foreman for the district.

Ran into famed portrait painter Loren Holmwood today at Charles Beardsley's Pineland office. holdings up pa.-ffDlo,aremembdri Holmwood has land holdings up Ward Creek which he plans to develop eventually. He has been gone from Tahoe almost a year. sojourning in Hawaii. He said today he plans to stay at the lake for a rest, off and on, until around Christmas.

Another "native" who has returned for an indefinte stay is Mrs. Gerda Kvistberg of Burlingame, who lovely home in Tahoe Park burned to the ground last winter. She is the guest of her grandson and his wife, Mr. and Mrs. James Easton of Pineland.

The rodeo staged here by Bob Scates on Sunday drew a crowd of about 400. Top money went to the winner of the bareback event Harold Zeerlien, who was $112 richer after contest. Other events included saddle busting, calf roping, wild cow milking and wild cow scrambling.

Residents of Pineland, new subdivision about 2½ miles south of Tahoe City, and their friends are enthusiastic about the Saturday night entertainments being offered by Realtor Charles Beardsley. Pineland Bowl was built by him and his partner, Mr. Anderson, and good crowds have been on hand for each performance. A large bonfire is built near the stage, surrounded by towering pines, and the log seats are arranged in a semi-circle, giving everyone an excellent chance to see and hear the performances. Last week the show was held on Sunday afternoon and those attending rocked with laughter at the antics of Reine Riano, distinguished actress of stage and screen, who gave several of her famous musical readings which have brought her world recognition and invited three command performances before the king and queen of England. Clifford Souze, NBC pianist who has toured the country in recitals, and members of the cast from the Brockway Playhouse in the Sky received numerous encore calls along with Miss Riano. Master of ceremonies was 18-year-old Jerry DeBono choreographer from the Stockton Opera Company. Members of the cast gave selections from their musical revue which closed this week at the Playhouse. Featured performers were Barbara Ringo and Dorothy Johnson, singers; Adele Cook, Anthony Francisco, Wendell Bentley and Bill Mayhood. On Saturday, August 26, the program calls for a "Public Wedding", starting at 8:00 p.m. Everyone is invited and if the night is cool, those attending are urged to bring along a blanket to wrap up in. An evening of fun is guaranteed.

Painting contractor Floyd Carnell and his men last week gave the Tahoe Community Building, including the post office and library, a new coat of fresh paint which is receiving public commendation.

Again we invite our readers to send us any information available on the boys and girls in uniform. We are very much interested in what happens to them. Good luck, good health, good cheer and happy landings to you all, as ever, Swanee

North Tahoe

by T. BURROUGHS

The North Tahoe Sports Club is doing a little organizational work with the help of its good old standby, Tex Jones, who has just returned from a prolonged stay at the Veterans Hospital in Reno. Tex has arranged a softball game for the boys with the Carson City Electric Co. team to be played next Saturday night, August 26, at Carson City. The same old gang will play with the exception of Bud O'Donnell, who has been ill for some time. Bud will be there cheering just the same. Those playing are Tom Lucas, Bill Taylor, Harvey Martin, Dick Hawkins, Bill Page, Red Decker, Gordon Bitler, Bill Martin and Bill Althof. Ernie Crawford will be club manager while Tex looks after business for the group. It begins to look like the good old days again with revived interest in softball. There is some talk of a powerful sponsor of the club for next year and that sponsor very likely will be the North Shore Club, reports Tex.

Robert Lowery, chief of construction for the Pacific Telephone Co., reports that within nine months the micro-wave station now being built on Mt. Rose will be completed. There will be television for the hill folks all the way to Salt Lake City.

Visiting trap shoot enthusiasts will begin to arrive Friday, September 8, for the official trap shoot to be held on the Lake Tahoe Gun Club grounds September 9-10. Regular programs will be ready for distribution early next week. It is expected that this shoot will bring many outsiders to this end of the lake.

Mr. and Mrs. Jack Turton of Los Angeles, currently stopping at Jones' Cottages, celebrated Jack's birthday at Cal-Neva on Wednesday evening.

Have you any out-grown clothing to spare? A collection of such garments for all ages is being sponsored by the Woman's Society of Christian Service. There is a call for curtains and draperies too. Anyone who has any clothing to pass along is asked to call Brockway 348R or Crystal Bay 182.

Bible Study will be held at the P. R. Murray home Tuesday, August 29.

Mrs. Anna Blaue has more relations drop in from way 'cross yonder in Missouri for breakfast more than any other person I know. Last Monday Mrs. Blaue's nephew, Allen Bryant, with a couple of buddies surprised Miss Anne at early coffee time and remained for a short chat before visiting with other kin out west.

H. E. "Pappy" Brooks has another job. He's now one of the five directors of the Placer County Chamber of Commerce, recently formed to promote the county's recreational and industrial potential.

Hravey Martin of Tahoe Vista writes that the family is leaving the lake and going to Reno.

Tarzan

by EDGAR RICE BURROUGHS

SNORTING AND PAWING THE DRY EARTH, BUTO, THE RHINOCEROS, WATCHED TARZAN'S HUNTING PARTY WITH BEADY EYES.

AT TARZAN'S COMMAND, THE NATIVES TIED MANY STOUT ROPES TO LOGS. WHEN LASSOED THE RHINO WOULD BE HAMPERED BY THIS WEIGHT.

SUDDENLY BUTO'S TEMPER FLARED. A SOLID TON OF CHARGING FURY HEADED TOWARD THE APE-MAN!

RAWSON YELLED, THEN INFLICTED SMALL FLESH WOUNDS WITH HIS RIFLE. INFURIATED, BUTO TURNED TO HIS NEW ADVERSARY.

TARZAN WAS QUICK TO SEIZE HIS ADVANTAGE. IN RAPID SUCCESSION, TWO ROPES ENCIRCLED THE RHINO'S THICK NECK!

BUT THE RHINO RETREATED TO THE THICKET, DRAGGING THE LOGS AS EASILY AS IF THEY WERE MATCH STICKS!
